What Counselors are Saying about SMARTTRACK®

"I really like that SMARTTRACK® takes a balanced, ethical and reasonable approach to helping families pay for college." **Kelly Richards, Director of College Counseling, St. George's School, RI**

"You have EXACTLY the resource I've been looking for! My strategies with the student's list can only go so far and I need a partner that can help families with the nuts and bolts of their individual financial situations." **Liz Tyng, Former Director of College Counseling, Dunn School, CA**

"This [parent education webinar] was outstanding! I've been at Walkers for 17 years, organizing financial aid presentations and honestly, this was the most informative, spot on presentation I've ever heard. You cut to the chase on things and the clarity with which you describe the process was so right on." **Clarissa Basch, Director of College Counseling, The Ethel Walker School, CT**

"One of the best financial presentations I've seen in 10 years. That was top notch!" **Gregg Murray, Life Planning Director, Vistamar School, CA**

"SMARTTRACK® is an excellent resource for our families to help them structure their finances and plan for what's ahead. We have heard positive feedback from families and encourage them to use it early on." **Tam Ly, Director of Guidance and Counseling, La Salle College Preparatory, CA**

"We did quite a bit of research and SMARTTRACK® was a really great fit and they have a great mission in terms of helping families assess the financial part of the college admissions process." **Stephanie Shandra, College Admissions Counselor, MMI Prep, PA**

"I want to shout about this program from the mountain tops!" **Linda Zimring, Past President, WACAC; College Counselor, Daniel Pearl Magnet High School, CA**

"SMARTTRACK® is a tremendous resource for our families, providing unbiased, uncomplicated information and advice to make college more affordable for everyone." **Moiria McKinnon, Director of College Counseling, Berwick Academy, ME**

"This webinar is more than, and better than, a simple "Financial Aid Night"...We use the phrase College Funding knowingly because paying for college is challenging for most families. We've done a lot of different financial aid programs and this one is extremely unique...it is not just about filling out forms and hoping to receive financial aid, this is about paying less." **Art McCann, Director of College Counseling, Crossroads School for Arts & Science, CA**

"I loved your presentation and realistic examples - it was very well thought out. I really appreciate and value your insight, and will be encouraging our families to follow through with your helpful resources." **Liz Bolton, Director of College Counseling, Valley Verde School, AZ**

"SMARTTRACK® is an invaluable resource enabling me to better serve and support my students and their parents." **Jodi Hester, Associate Director of College Counseling, Woodward Academy, GA**
